Most experts believe Bradley's main hope is By Gosh, which worked so well at Lexington several days ago. They gure he is sending out Busy American on uncertain propping only to carry on Morvich as fast as possible for seven furlongs or a mile, where the favorite is expected to crack if he does not improve himself a second Man o' War. Morvich Warm Favorite Benjamin Block's Morvich will be a warm favorite in to-morrow's Derby, but he is likely to pay a better price than expected twenty-four hours ago. An unusual burst of sentiment has developed on Bob Shannon's Deadlock. The rain of this afternoon may have had something to do with it, as Deadlock is known to be twenty pounds better in the mud. Still, Morvich never could be accused as a sucker horse in the sloppy going. He's always at his best on any sort of an old track. H. H. Hewitt's Startle, the only filly of the Derby field, might have commanded a mild play but for the report that she picked up a nail while breezing this morning. It was not known to-night how serious the injury might prove. Many expressed the belief she would be scratched to-morrow. Most of the Derby candidates were breezed this morning by way of final preparation for to-morrow's star event. Morvich, cased through the last furlong, stepped a half mile in 0:49.	173 Maroumeen 111 2 3 3 4 4 M. Alee 8 10 10 3 4 4 L'Eclair 116 5 4 5 5 5 5 5 5 5 5	Clark entry. Ichiya Kumagae will not be able to represent Japan in Davis Cup matches that will be played in England this summer, according to information that reached the United States Lawn Tennis Association. Zenzo Shimidzu and Seiichiro Kashio, who have been representing the Japanese Lawn Tennis Association in this country, during their negotiations with Italy regarding their first-round match of the Davis Cup contest, had hoped that Kumagae would be able to arrange his affairs so as to reach England in time to play in June. It develops that this is impossible and the plan now is to have Kashio and Shimidzu play for Japan. The possibility of having Okumato, who is regarded as one of the best Japanese players, come from Calcutta has been discussed but nothing definite has been arranged.
